Dr. Aven: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been siek and pilning away for months. Went off to be dectored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her tody. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it had, and my wife cured him with two dones of your Pills, while others around as paid from five to twenty dollars doctors hills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and homest, will be prised here. good and honest, will be prized here.

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every hown, and almost every hamlet of the American States, its wonderful cures of pulmonary compisints have made it already known. Nay, few are the families in any civilized country on this continent without some pursual experience of its effects; and feweryet the communities any where which have not among them came living treplay of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidots yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and seeder temedy that can be semployed for lufants and young persons. Excent should have it in store against the insidicus enemy that steak upon them imprepared. We have abundant grounds to believe the Carry Pectoral awas more lives by the consumptions it prevents than those it cures. Even it by you, and cure your colds while they are curable, nor neglect then until no human skill can master the inexorable sanker that, fishered on the vitais, sats your life away. All know the dreading fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to sacure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus aford those who rely on it the best again which our shill can furnish for their cure.

This subscribers have completed the most perfect arrangement that can be made for the sale of Wheat and Flour, and during the remainder of this year will devote their attention almost exclusively to the sale of these two articles, and they can say to their patrons, with certainty, that they will realize as much net money by shipping here as to any market beyond Atlanta, and will do it with less risk and in shorter time. As to the peculiar advantages of our market every one is familiar who knows its locality.

We will accept 30 days bills on Wheat, payable here or at Augusta, for three fourths the value of shipments, accompanied by Rail Road receipts. We think it advisable for shippers of Flour to draw most of their bills at 45 and 60 days, as more time is required for the sale of Flour than for Wheat. By reference to our weekly reviews of the market, published in the Tennessee papers, you can always know accurately what these articles are worth.
